Améo Essential Oils are more than just great products—they have the power to create rich user experiences. TOPICALLY (T)

Oils can be applied to skin. Some oils require dilution with a carrier oil.

INTERNALLY (I)

Oils can be taken internally in foods, beverages, or an Améo Veggie Cap.

NEAT (N)

Oils require no dilution.

DILUTE (D)

Oils require dilution with a carrier oil such as Améo Fractionated Coconut Oil.

SENSITIVE SKIN (S)

Oils should be used with caution on delicate skin; a carrier oil may be useful to dilute.
